

Join Our Team at Copenhagen Energy Trading

Experienced Gas Trader to setup Gas Spot Desk at CET and be part of the management team

Are you a skilled and ambitious Gas Trader looking for an extraordinary opportunity to leave your mark on the energy trading industry? Are you ready to take charge and build a gas spot trading desk from the ground up? If so, we have the perfect role for you!

The Opportunity:

Join our energy trading business, where innovation and expertise converge to create a dynamic and rewarding work environment. We are searching for a talented Gas Spot Trader to spearhead the development of our gas trading. You will get the chance to build and lead the new team from the ground up. If you thrive in a fast-paced, entrepreneurial setting and possess the drive to succeed, this is your chance to shine.

Responsibilities:

As the key driving force behind CET's gas trading desk, you will be tasked with setting up and leading the entire operation. This includes establishing trading strategies for the right products and defining essential risk parameters. Your expertise and experience in the field will be invaluable as you collaborate closely with our current management team and receive unwavering support from our highly competent IT department to meet all your data and tooling needs.

What We Offer:

- **Uncapped True Economic Upside:** You will enjoy profit share in the gas trading department's PnL, providing you with unparalleled earning potential and the ability to directly impact your financial success.
- **Exceptional Team:** Join a team of professional and highly ambitious colleagues who continuously set the bar high, pushing the boundaries of what's possible in the energy trading market.
- **Thrilling Start-up Environment:** Be a part of a young and rapidly growing company with an authentic start-up atmosphere. Here, your innovative ideas will be celebrated, and your contributions will be recognized.
- **Flexible Work Arrangements:** We value work-life balance and offer the freedom to trade and work from the comfort of your own home.
- **Social and Professional Events:** Enjoy a well-rounded work experience with various social and professional events, including sports activities and parties, fostering a strong team spirit and camaraderie.

Qualifications:

- **Proven Expertise:** Bring a minimum of three to five years' experience at a gas trading desk, showcasing your ability to develop and grow business units successfully.
- **PnL Management:** Demonstrated skills in managing PnL, risk, and day-to-day operations, ensuring that your decisions are driven by data and insights.
- **Language Proficiency:** Exhibit full professional proficiency in English, enabling effective communication within our international team.
- **Competitive Drive:** Embrace a competitive mindset and thrive in a fast-paced environment, and yet being a true team player, where every day brings new challenges and opportunities for growth.

About Us:

Copenhagen Energy Trading A/S was founded in 2021 and is part of Copenhagen Energy Group. We specialize in short-term proprietary wholesale power trading in Europe. We deploy in-house developed discretionary trading strategies as well as system-based trading strategies with the use of advanced analytics. Via these strategies, vast market understanding, experience, and data science, we move power to where it's needed the most.

Take the next step:

Ready to seize this one in a lifetime opportunity and make your mark as a Gas Spot Trader at CET? Submit your cover letter and CV today, as we are screening candidates on an ongoing basis. If you have any questions or seek further information, don't hesitate to reach out to our CEO, Jasmin Bejdic, at jb@copenhagen-energy.com.

Together, let's fuel our journey to success!
